

## 10 AND 15 YEAR AWARDEES IN 2012:

A decade and still counting, quindecennial (fifteen years) and keeping still.

These employees' commitment to stay with the Company through all these years is truly an achievement not only for them, but for the organization itself, for it models "serving" alongside each other thru thick and thin. These employees' trust to keep with the relationship as members of one family established over times, their decision to stick despite the inevitable exchange of differing opinions and points of view at times, and their determination to be at their finest for the best interest of service are absolutely praiseworthy.

PAGSS believes and can never dispute that the quality and loyalty of the employees of the Company are the best tandem leading forth to its stability and long-term success. The greater the loyalty of the employees towards the Company, the greater is the motivation amongst all, thereby the greater the probability to achieve the goals of the organization.

To our 10 and 15 year service awardees, our profound thanks. Happy anniversary!
